“Happy audiences, Satisfied client” - My motto

I am EmceeCollin, a bilingual emcee who is friendly, engaging, and witty, in front of audiences. I believe that one of the key factors to a successful event is having happy audiences. And with this belief, I developed an audience-focused style of hosting.

Over the years, I've retained numerous corporate clients and managed my performing career mainly via referral. My ability to engage audiences, packaged with my boy-next-door image, friendly persona, and witty speeches, are key to my humble success in the FMCG Marketing events, Wedding events, and Grassroots events.

I was also in Banking & Finance industry while I was building my performing career, and I believe the experience and exposure has helped me to better handle audiences from different backgrounds.

I am still learning, not just about performing, but everything under the sun as I also believe that knowledge empowers an emcee to engage better. I will continue to better my craft, to further differentiate myself as an artiste with multi-talents.

“I trust life to take me to where I am supposed to be, I can’t imagine doing anything else in life.”
